Lyrics

Good morning, Ace at Work
Tiny shoes on the floor
Little hands up high
Ready for one more
Color blocks, big smiles
Kind hearts in a row
We learn to speak up
And watch each child grow

[Pre-Chorus]

Our vision is clear
(We can do it)
Our mission is near
(We can do it)
Respect in the room
And courage in our tune
We grow every day
From morning to noon

[Chorus]

Ace at work, ace at work
We can shine together
Ace at work, ace at work
We can grow forever
Aspire high, credibility
Evolve, evolve with me
Ace at work, ace at work
That's our family

Core values in our hands
Care, trust, and grace
We share, we listen
We make a safe place
Small voice, brave voice
Every child can sing
From the first hello
To the joy we bring

[Pre-Chorus]

Our vision is clear
(We can do it)
Our mission is near
(We can do it)
Hands to help, eyes bright
Hearts learning to lead
We plant good seeds
And give what they need

[Chorus]

Ace at work, ace at work
We can shine together
Ace at work, ace at work
We can grow forever
Aspire high, credibility
Evolve, evolve with me
Ace at work, ace at work
That's our family

One step, two step
Look how far we've come
Little dreams getting bigger
When we move as one
(We move as one)
Kinder every day
Smarter every way
Ace at work, ace at work
Hear the children say

[Chorus]

Ace at work, ace at work
We can shine together
Ace at work, ace at work
We can grow forever
Aspire high, credibility
Evolve, evolve with me
Ace at work, ace at work
That's our family
